The image shows a mobile application's home screen. On the left, there's a sidebar with sections for 'New Feeds' (Newsfeed, Badges, Explore Stories, Popular Events, Profile), 'More Pages' (Email Box, ToDo List, Reminder), and 'Account' (Settings). The main area features a search bar at the top with placeholder text 'Start typing to search...'. Below the search bar are several circular icons: a blue house icon, a lightning bolt icon, a square icon with a dot, a person icon, and a document icon. To the right of these are notification icons: a bell with a dot, a message bubble, a gear, and a profile picture. The central part of the screen displays a 'Create Post' section with a text input field containing 'What's on your mind?' and three options: 'Live Video', 'Photo/Videos', and 'Feeling/Activity'. Below this is a post from 'Surfiya Zakir' with a timestamp of '3 hour ago'. The post contains placeholder text: 'Lorem ipsum dolor sit amet, consectetur adipiscing elit. Morbi nulla dolor, ornare at commodo non, feugiat non nisi. Phasellus faucibus mollis pharetra. Proin blandit ac massa sed rhoncus' followed by a 'See more' link. At the bottom of the main screen are three small user profile pictures. To the right of the main content are two sections for 'Friend Request': one for 'Anthony Daugloj' (12 mutual friends) with 'Confirm' and 'Delete' buttons, and another for 'Mohannad Zitoun' (12 mutual friends) with similar buttons. There's also a 'See all' link for friend requests.

## Home 1.0

The image shows the settings screen of the application. The title 'Settings' is at the top. The screen is organized into sections: 'General' (Account Information, Saved Address, Social Account), 'Account' (My Cards, Password), and 'Other' (Notification, Help, Logout). Each item in these lists has a circular icon to its left and a right-pointing arrow indicating it leads to a detailed view or edit screen.

I'm fine, how are you 😊

**Byrom Guittet** 01:35 PM

I've found some cool photos for our travel app.

**Byrom Guittet** 01:35 PM
